

Dear Palo Alto City Council Members.

We the undersigned concerned citizens ask you to be the seventh city to support the following resolution listed on your agenda for December 2, 2024 Council meeting at 5:30pm:

NOW THEREFORE, BE IT FURTHER RESOLVED BY THE CHARTER CITY OF PALO ALTO AS FOLLOWS:

1. That the City Council of the Charter City of Palo Alto supports the efforts of the Amah Mutsun Tribal Band to preserve Juristac/Sargent Ranch as open space in perpetuity and to regain access to their cultural and spiritual sites at Juristac.
2. That the City Council of the Charter City of Palo Alto supports the Amah Mutsun Tribal Band's preference to retain the name of the open space as Juristac.
3. That the Charter City of Palo Alto urges the County of Santa Clara to deny approval of permits for the proposed Sargent Ranch Quarry Project.

We the undersigned stand in support with the Amah Mutsun Tribal Band, environmental groups, and other concerned citizens (including 7500 letters written to Santa Clara County and over 20,000 signatures) to protect the ecologically sensitive ancient ceremonial site called Juristac, located in south Santa Clara County, and to oppose granting a permit to an investor group based in San Diego who is currently seeking to develop a 403-acre open pit sand and gravel mining operation at the proposed Sargent Quarry. The plan includes a 14-acre processing plant, three 200-foot- deep open pit quarry sites, a 1.6-mile-long conveyor belt, and a 20-foot wide access road.¹ Additionally, an estimated 35 million cubic yards of excavated material (sand and gravel aggregate), with 25.3 million cubic yards of salable material (equal to 38 million tons of salable product) would be produced over the 30-year life of the mine, primarily for use in local road building and general construction.

We believe this proposed project severely impacts

1. Ancestral lands of the Amah Mutsun Tribal Band used for sacred ceremony.
2. Wildlife Corridors used by many impacted species in our area: puma, condor....
3. Biologic Resources
4. Water Quality
5. Air Quality
6. Climate Change

Thank you for listing Climate Change and Natural Environment Protection and Community Health and Belonging as some of your top 2024 council priorities.

Sincerely,

See attached signatures.
